BPP Loyalty Packages

At BPP we fully support our students in their studies, so they can then bring the benefit of new-found knowledge, skills and understanding to their employers.

That is why we have launched the BPP Loyalty Packages, so you the employer can, through us, deliver the highest-quality learning solutions to your employees, and achieve cost savings for your organisation.

Not only do our Gold and Silver Loyalty Packages provide students with Pass Assurance, but employers benefit from real-time reporting on students' progress as well as in-house course discounts.
